

Building High-Performing Teams and Overcoming Personal Constraints

Reinforcing Skills Needed to Transform Culture

Capturing Kids' Hearts® Leadership Blueprint Training helps organizations cultivate leadership potential to meet ambitious goals. Successful leaders know how to create healthy relationships and productive cultures that lead to strong results.

Leaders often see the need for change in their organization, but may not see any need for change within themselves.

During Leadership Blueprint Recharged, leaders reexamine their own personal behaviors that could affect the culture and outcomes they are striving to create. In addition to their own behavior, leaders learn to address the behaviors of the team, knowing when to affirm appropriate behavior and how to effectively address inappropriate behavior.

Approach:

Leadership Blueprint Recharged is an engaging, hands-on experience. Building on the skills and tools introduced in Leadership Blueprint, leaders will deepen their understanding of the techniques and processes necessary to create a successful team and campus/district.

Participant Outcomes:

Participants will learn how to:

- Strengthen leadership skills that help build a successful culture
- Increase awareness of personal constraints that impact both individual and team performance
- Develop a plan for addressing personal constraints
- Examine behaviors of the team that are getting in the way of the group's performance
- Learn and practice specific skills that make clear, candid communication possible
- Establish follow-up and accountability procedures that will ensure lasting change
